Sean Mayers

Week 3 | Groceries App: Adding and Removing Items

This code was added to implement a fab under grocery list.

```
<!-- this fab is placed at bottom right -->
<ion-fab bottom right >
  <button ion-fab>Share</button>
  <ion-fab-list side="top">
    <button ion-fab>Facebook</button>
    <button ion-fab>Twitter</button>
    <button ion-fab>Youtube</button>
  </ion-fab-list>
  <ion-fab-list side="left">
    <button ion-fab>Vimeo</button>
  </ion-fab-list>
</ion-fab>
```

This code removes animate and moves avatar icon to right.

```
1 <ion-view view-title="Sean Meyers - 0961892">
2   <ion-content>
3     <ion-list>
4       <ion-item class="item-remove-animate item-avatar item-icon-right" ng-repeat="chat in chats" type="item-text-wrap" href="#/tab/chats/{{chat.
5         
6         <h2>{{chat.name}}</h2>
7         <p>{{chat.lastText}}</p>
8         <i class="icon ion-chevron-right icon-accessory"></i>
9
10        <ion-option-button class="button-assertive" ng-click="remove(chat)">
11          Delete
12        </ion-option-button>
13      </ion-item>
14    </ion-list>
15  </ion-content>
16 </ion-view>
17
```
